Welcome to beautiful South Limburg. This motorhome route is the official Visit South Limburg motorhome route. It has been compiled together with various professionals in the motorhome field. The route leads right through the South Limburg countryside, but also taking into account the space that the campers need on the road. Where possible, this route will avoid the busiest and narrowest roads (eg in the Heuvelland). During the route you will come across various motorhome locations from where you can easily take a trip to the Heuvellandschap , the Drielandenpunt, the Maas valley, Maastricht or the Brunssummerheide.
