Bloesemfietsroute Beekdaelen

Cycle route
27.6 km

Start- and endpoint
Biesenweg 1, Geleen

Level of difficulty
Makkelijk

Cycle into spring with this route along the blossom of the Geleenbeekdal, where the standard trees bloom in the spring. In the spring, these fruit trees provide a beautiful play of colors. The cycle route takes you through nature from Sweikhuizen to Schimmert and leads you past the Danikerbos, the Stammenderbos and places where you can taste delicious regional products.

Would you like to admire even more blossoms from a bicycle? Also discover the blossom cycle route in the municipality of Eijsden-Margraten.
