Oerboer route – lus 1 museumroute

Cycle route
38.4 km

Start- and endpoint
Bandkeramiek Centrum mOERveld, Hazenstraat 1 in Moorveld

Level of difficulty
Makkelijk

With this route you cycle through the area where archaeologists have made many finds from the time of the primeval farmers in the past century.
During the time of Linear Ceramics, dozens of small settlements stood here for centuries. This is loop 1 of the Oerboer route. During this cycle route you will receive answers to questions about the way of life and the world of the primeval farmers.
What did they eat? What did they look like? How did they bury their dead? The route mostly goes through urban areas, but also through green areas. You cycle past several special museums where you can see the finds from the Linear Ceramics era with your own eyes.
